University of California, Irvine Jun 2025
B.A., Psychological Science *Irvine, CA*
Coursework: Decision-Making Process, Social Psychology, I/O Psychology, Experimental Design

Work Experience

OnlyWorks Jun 2026 – Aug 2026
Marketing Analyst *New York, NY*

- Developed research-backed ICP recommendations for three priority segments by combining LinkedIn audience demographics with 41 social posts coded into 14 pain-point categories; management adopted the resulting positioning and channel reports as a cross-team customer-targeting guide
- Generated 14 replies from 51 qualified LinkedIn prospects, achieving a 27.5% reply rate by translating customer pain points into segment-specific outreach messages and follow-up templates
- Identified stronger observed response to talent-quality messaging—33.3% versus 14.3% for volume-focused messaging—through a deduplicated outreach dashboard, informing recommendations for subsequent messaging tests

Paira Nov 2025 – Aug 2026
Social Media Marketing Intern *Remote*

- Created platform-specific marketing strategies, cross-platform content calendars, and social media posts, generating 40% increase in LinkedIn followers and 25% increase in app registration
- Launched and helped grow a RedNote job-seeker community to 300+ members, creating an ongoing audience touchpoint through regular content and community engagement
- Attracted 30+ attendees to each of three Speaker Series events by planning social promotion and selecting relevant distribution channels, combining job-search advice with exposure to the Paira app

International Student Excellence Program Apr 2025 – Jun 2025
Marketing & Administration Intern *Irvine, CA*

- Launched the program's official podcast and engaged 50+ students by developing outreach campaigns, interview guides, and promotional workflows
- Attracted 30+ prospective applicants to an Advanced Field Study information session; developed tailored communication materials that reduced repetitive questions and improved the applicant experience
- Contributed to a 20% increase in engagement by analyzing newsletter performance and translating findings into content adjustments

Projects

Marketing Campaign Performance & Budget Analysis *Excel*

- Cleaned 308 campaign-day records across 11 campaigns; built a ROAS and funnel dashboard to evaluate $30.59M in spend against $42.89M in recorded revenue
- Identified the lowest-ROAS campaign and proposed a controlled reallocation test to evaluate potential budget improvements

Digital Marketing Strategy - Main Street Coffee *Strategy*

- Designed a three-month Instagram plan within a $1,000 budget and one-hour daily limit; defined audience priorities, channel allocations, and engagement, profile-visit, and foot-traffic KPIs

Skills

Research & Marketing: Customer Insights, Customer Segmentation, ICP Development, Social Listening, Positioning, Campaign Analysis, KPI Reporting, Marketing Strategy
Analytics & Tools: Excel (PivotTables, XLOOKUP), SQL/MySQL, Python (pandas, NumPy), Tableau, Figma, PowerPoint, Canva
